

IJGlobal Funds & Investors Report H1 – surge of final closes

Lisa Botter

29/07/2025

There was a significant surge in fundraising in the first half of 2025, the just-released IJGlobal Funds & Investors Report shows.

IJGlobal tracks key market indicators across fundraising and M&A activity that shine a light on performance, identifying trends as the market evolves on a quarterly basis. Primary data points include time taken for infra funds to raise capital – from launch to final close.

Infrastructure funds that reached final close in the first half of 2025 raised \$112.05 billion, according to IJGlobal data.

When it comes to regions, North America significantly outpaced other regions, however, the majority of funds still targeted global investments.

Equity funds far outpaced their debt counterparts with 92% of capital raised that reached final close over the past year making purely equity investments.
