IJGlobal prides itself on the peer-review nature of our awards, ensuring a transparent process that (we believe) makes them the most highly valued in the sector – submitted by the industry and reviewed by peers at the highest level.

With the Investor Awards, all categories – companies and transactions – are judged by the independent panel which we take pains to identify. To read about the team for these awards, [click here](#). As always, judges are recused from voting on awards where they have an interest.

The awards recognise developments by infrastructure funds, investors and infra/energy M&A that made it over the line during the judging period that runs from 1 August 2024 to 31 July 2025.
