Prior to hosting REFF Wall Street last week in New York, IJGlobal hosted a webinar as a teaser for delegates and sponsors, giving a flavour of what was to come.

The 31-minute webinar was hosted by IJGlobal editorial director Angus Leslie Melville who was joined by:

- Carl Fleming – partner at McDermott Will & Emery;
- Greg Remec – senior director at Fitch Ratings; and
- Aaron Klein – managing director at KeyBanc Capital Markets

A good deal of the conversation centred on the Inflation Reduction Act of 2022 that was signed into law by the Biden Administration on 16 August.

Obviously this was a central theme at REFF Wall Street which was staged on 14 and 15 September in The Westin New York, Times Square, drawing an impressive crowd of infrastructure professionals... and some who gate crashed from a private equity event on the floor above!

The webinar centres on a number of slides featuring IJGlobal data that were presented at the REFF event.
